

CHICOPEE®

Industrial

Complete range of wiping solutions for
your toughest cleaning tasks

Chicopee® True Confidence™

chicopee.com

Global Leadership

Delivering the right solutions to meet ever-evolving demands

For more than a century, the name Chicopee® has been synonymous with unrivaled expertise inventing technologies and developing new wiping applications.

Today, Chicopee continues to uphold its legacy of innovation by bringing you a full line of wiping product solutions that support your industrial demands.

With innovative products engineered for strength and absorption, Chicopee's industrial wipes and cloths help support your toughest wiping challenges associated with grease, grime and oil. Whether you are looking for a more effective option for extended-use shop wiper or a more durable option than cotton or paper towels, Chicopee has what you need.

At Chicopee, we are committed to supporting your business with products that are designed to help improve productivity and efficiency while helping to maintain a safer and healthier workplace.

INDUSTRIAL REVOLUTION

FIRST

Through the introduction of mechanical production facilities with the help of water and steam power

SECOND

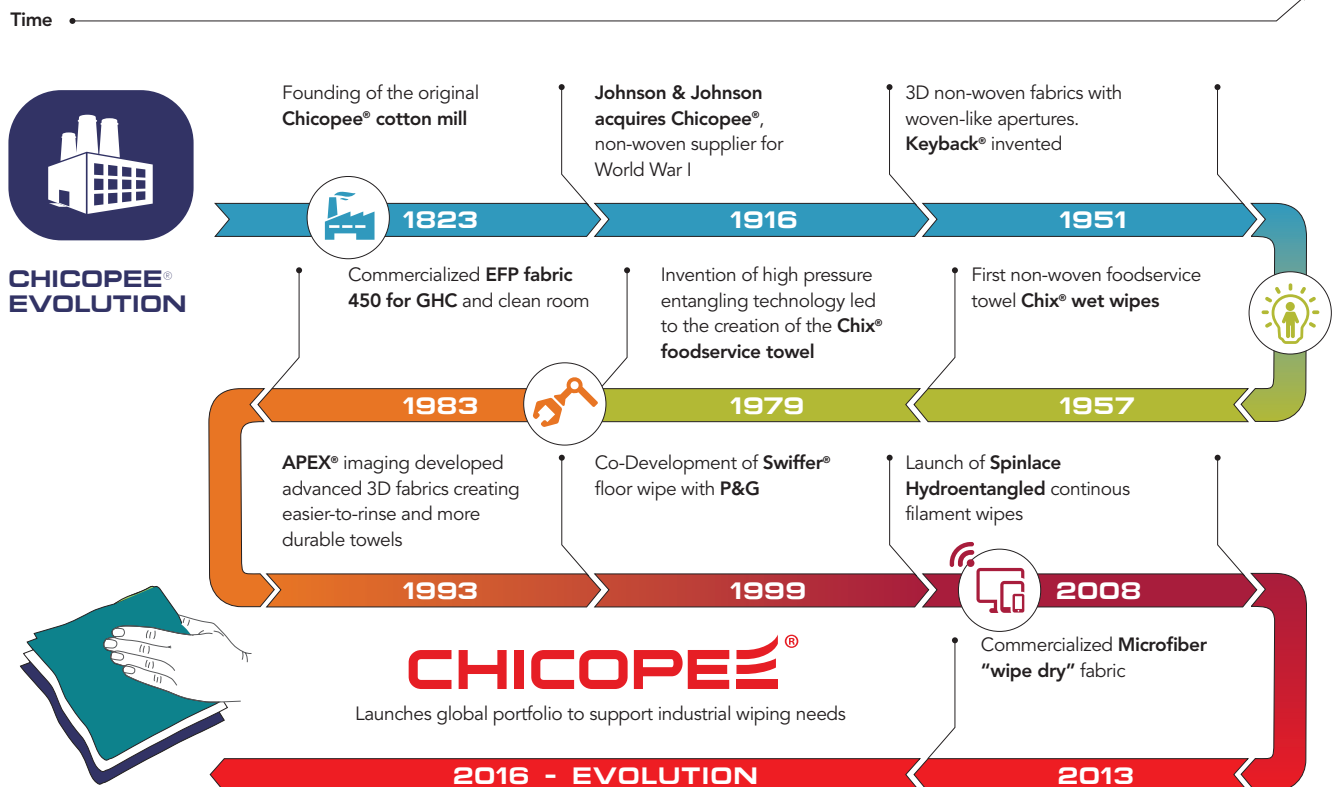

Through the introduction of a division labor and mass production with the help of electric energy

THIRD

Through the use of electronic and IT systems that further automate production

FOURTH

Through the use of cyber-physical systems

Spinlace® Technology

Utilising our patented APEX® technology for superior performance

The demand for single or limited-use industrial wipes has advanced significantly in recent years as a result of the desire for convenient, time saving and easy to use products that are economically efficient

Through our key partners and end customers within the Industry segment we have been able to track and respond to these changing environments. The launch of the new and improved DuraWipe quality will bring you True Confidence when going up against the toughest dirt and grimeiest grease.

Chicopee DuraWipe and Multipurpose Super offer a modern day alternative to paper, rags and laundered cloths.

The DuraWipe Range

30% stronger*

Up to 20% more absorbent*

50% more abrasion resistant*

Reduced linting

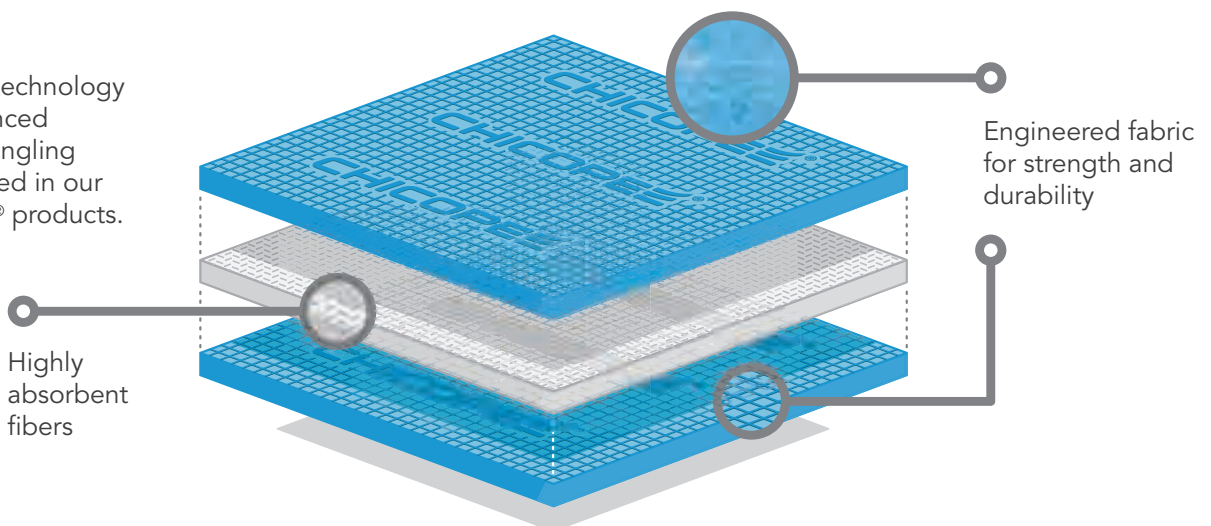

Solvent resistant

*Against leading competition

Spinlace® technology is an advanced hydro-entangling process used in our DuraWipe® products.

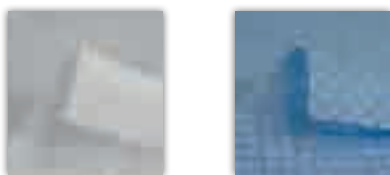

The Chicopee Solution

Chicopee offers the right Wiper for your cleaning needs

Chicopee has a broad range of industrial wipes that are engineered to deliver the strength and efficiency you need from the removal of grease and grime on machinery, to fingerprints on a chrome grille. Whether you are looking to support a 5S system, adopt lean manufacturing methods or trying to create a more sustainable environment through the decrease of water and energy consumption in the workplace, Chicopee offers the right Wiper for your cleaning needs.

Multipurpose Super

Premium cloth like wiper **for heavy tasks**

Twice as strong as the leading wipes, Multipurpose Super is an ideal replacement for laundered shop towels and for use in heavy duty general purpose applications.

It's enhanced performance and thickness allows for superior oil and water absorbency, substantial draping for ease-of-use and are ideal for managing grime pickup on rough surfaces. Tear resistant and designed to wash and use repeatedly, these towels are easy to rinse and low linting proving the ultimate performance for your toughest wiping needs.

Features & Benefits

Machine Washable

Machine washable to 90°C for at least 40 washes. Designed to wash and use repeatedly

Solvent Resistant

Fully compatible with your choice of solvent

Strong Wet and Dry

Twice as strong as the leading wipe, ideal for use in heavy duty general purpose applications

Superior Absorbency

Its enhanced performance and thickness allows for superior oil and water absorbency
